# Our Services

Prota Clinic is a private facility that offers a wide array of first-class medical services. In everything we do, we are focused on providing the health care you need, when you need it.

# Health services you need, when you need them.

## Why a Private Health Clinic

For the last decade there has been a tremendous strain on the health care system in Manitoba.

Wait times for essential services have continued to grow, forcing many Manitobans to consider leaving the province to gain access to the health care they need.

It has been clear for some time there is a need for a private health care facility in the province. One that could provide services to people willing to pay for the service.

We recognized the growing need and have put together an amazing team of physicians and specialists, all dedicated to providing the finest in health services – right here in Winnipeg.

## Why Prota

Prota Clinic is the first private medical facility of its kind in the province.

The Clinic provides a wide array of health related services using state-of-the-art equipment in a clean, quiet, comfortable and beautifully appointed setting.

Most clients experience little or no wait-times to access our services, and our team of talented physicians and specialists provide exceptional treatment and care.

We provide the peace of mind you need – knowing the care you are receiving is being provided by experienced and compassionate staff.

## Our Commitment

As Manitoba's first private medical clinic, we have the expertise, facilities and equipment available to provide the very latest in treatments and services to address your specific health issues.

We are completely dedicated to providing innovative medical solutions that serve our clients' needs.

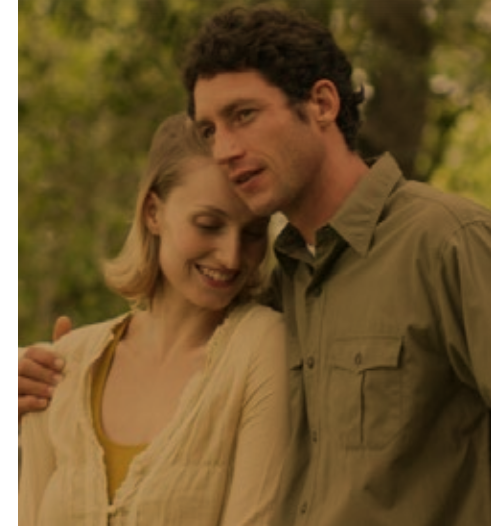

Prota Clinic recognized the growing need and has put together an amazing team of physicians and specialists.
